

Curriculum Vitae

Ing. Monika Majerčíková

majercikova.monika@savba.sk

Experience:

2016-2018 **Researcher (student)**, Slovak Academy of Sciences, Polymer Institute

Education:

2018- present **Doctor's degree**; Department for Biomaterial Research,
Polymer Institute of the Slovak Academy of Sciences
Faculty of Chemical and Food Technology, STU in Bratislava
Dissertation thesis: *Preparation and biological characterization of
combined polymer systems for immunotherapeutical applications*
Thesis supervisor: Mgr. Zuzana Kroneková, PhD.

2016- 2018 **Master's degree**; Institute of Natural and synthetic Polymers;
Department of Plastics, Rubber and Fibres
Faculty of Chemical and Food Technology, STU in Bratislava
Diploma thesis: *Thermoresponsive block copolymers based on poly(2-
oxazoline) for controlled drug delivery*
Thesis supervisor: Mgr. Anna Zahoranová, PhD.

2012-2016 **Bachelor's degree**; Chemistry, Medical Chemistry and Chemical
Materials
Faculty of Chemical and Food Technology, STU in Bratislava
Bachelor thesis: *The Usage of Keratin in Biomedical Applications*
