

## General Information

BYPoS workshop will be oriented on all fields of macromolecular chemistry. The workshop will provide the ideal possibility for young polymer scientists to present and discuss their results and knowledge in the field of polymer chemistry and incorporate to the group of young motivated people.

## Sections

- A. Synthesis, modification and characterization of polymers
- B. Polymer blends and composites
- C. Smart polymers and biopolymers
- D. Polymer stability and degradation
- E. Theoretical polymer chemistry

Workshop will contain introductory lectures for each section and contributed lectures. The abstracts of lectures will be published in CC journals.

## Registration fee

The registration fee will be 300 € including registration, accommodation and workshop materials.

## Accommodation

Accommodation is provided in the Smolenice Castle.
